## Mobilescape® 3000

## The Total Wireless Payment Solution for Credit Cards

The **Mobilescape® 3000** is the most complete credit card wireless payment processing solution available today. The Mobilescape terminal enables secure, rapid payment transactions anywhere. Mobilescape is easy to use and doesn't require formal training — just power up and swipe.

For businesses that rely on payments on the go, the affordable Mobilescape solution includes hardware, software, integration services, wireless service, transaction processing, and unbeatable support and maintenance. Mobilescape delivers immediate value to your business by increasing revenues and operational efficiency, and by decreasing risk and costs.

### Increase Revenues

- Spend less time approving credit cards and more time making customer visits and developing new business
- Lower processing fees with card-present transactions
- Customers tend to spend more when paying by credit card
- Improve cash flow by collecting funds faster

### Reduce Risks with Secure, Paperless Transactions

- Capture valid signatures on Mobilescape's touch screen
- Print customer receipts on the spot

### Improve Operational Efficiency

- Get on-the-spot authorizations in seconds
- Eliminate paper receipt management with immediate online account access
- Electronically track tips and invoice numbers

With Mobilescape, accepting payments everywhere frees you to focus on your business, not on collecting payments. For more information and to order Mobilescape, call 903-291-0888.
